### Policy for Waste Management

The College realizes sustainable and holistic waste management is essential in reducing its environmental footprint and providing a safe and healthy work environment for the staff and students. The College has a duty to ensure that all the campus wastes are disposed of responsibly by using proper waste segregation mechanisms at the source and if possible, converting it into a value-added environment-friendly product.

#### Aims

- The purpose of the policy is to facilitate and implement the policy in accordance with the National Environment Policy 2006.
- To manage the various hazardous wastes effectively.
- To promote the use of cleaner technologies.

#### Objectives

- Minimise waste generation of source and facilitate use, reuse and recycling of wastes in a cost-effective manner.
- Provide defined roles and responsibilities towards waste management.
- Transform waste into value added products.
- Ensure the safe handling and storage of wastes on college campus.
- Promote holistic approach of waste management in the campus.

#### Scope

- The college promotes reduction of waste and reusing, recycling and recovering of waste products.
- The teaching and non-teaching staff, students and guests adhere to the Policy and the norms within the campus.
- Organises awareness programmes on waste management, clean and green campus.

#### Roles and Responsibilities

- All the members of the college should follow effective disposal of the waste.
