'Empowering Teachers is the key to Enhancing Education'

One of our greatest assets in society are teachers. Teachers play such an enormous role in the lives of students. They have the ability to inspire, empower, and foster environments of self-confidence, passion, and nurturance or the complete opposite. Teacher Orientation is important to lay a foundation for the teachers, mainly to provide them with concise and accurate information about the 'how system of program run' to make them more comfortable in their teaching tenure. Orientation encourages the teacher's confidence and helps them to adapt to the teaching environment.

The main focus of the teacher's orientation programme was to communicate the various Programme Learning Outcomes (PLOS) and Course Learning Outcomes (CLOS) for all the courses that are offered by SCE. The orientation adopted strategies and methods that were participatory, discussion and activity based in order to enable the teachers to think, reflect and critically analyse the ideas / aspect and the method followed. Details of the programmes are as given.
